

**2014 INTER-CLUB COMPETITION BETWEEN PSV and SFPC**

**Hosted by Stay Focused Photo Club  
Saturday, September 13, 2014 at 10 AM  
Room F-111, Richard Stockton College  
Jimmy Leeds Road, Galloway, NJ**

**GENERAL INFORMATION:**

This competition is open to all members of both photo clubs. The competition will consist of Projected Digital Images only – no prints or slides. The theme is OPEN/OPEN (any subject). There will be four divisions – Color Manipulated, Color Non-Manipulated, Black & White Manipulated and Black & White Non-Manipulated. (Sepia tones are allowed in Black and White category). Each member is allowed 1 entry in each division (a total of 4 images). All images must be taken after Jan. 1, 2012.

Members belonging to both clubs must choose one club to represent. They are urged to represent the host club.

**Non-Manipulated** allows the use of only ONE captured image (nothing from another image can be incorporated). Minor adjustments that do not change the original content of the image are allowed. For example, cropping, color adjustments, exposure adjustments, sharpening, removing minor elements (such as wires, spots, and other insignificant items) are allowed. Removing people or other significant items is not allowed. HDR is not allowed. Digital borders are allowed to separate photo from background but digital framing is not allowed.

**Manipulated** allows multiple images (so long as they are all the photographer's own images) to be used and combined into one image, use of artistic filters or plug-ins is allowed. HDR is allowed. Basically, "anything goes". Digital borders are allowed to separate image from background but digital framing is not allowed.

Images are to be uploaded to each club's PhotoContestPro site the same way images are uploaded for each club's other contests. The deadline is Wed., Sept. 10, 2014 at 12 midnight, (no exceptions).

**Directions** to Stay Focused Photo Club's meeting place can be found on their website.
